Teacher cash awards may be used for any classroom needs. Suggestions may be a pizza or ice cream party, purchase curriculum supplies, recognize and reward best sellers with a cash drawing. The possibilities are many, and the more your student sells, the more you earn.

- **Challenge your students** - Remind them each day of sale of the time line. (Number of days until the date the orders are due).
- **Remind your students** of the many gift possibilities for neighbors, friends, grandparents, and relatives. Plus remind Mom and Dad to take to work this week.
- **Color in totals** on the thermometer. Ask students daily for total items each has sold.

DOUBLE award for Classroom supplies Certificate, from Educational Insights
